

Kathleen Saleh
Secondary School Principal

Dear Parents of Grade 11,

I hope you and your families are safe and well.

This week we were very encouraged to have 30 of our Grade 11 students attend face-to-face. I have emailed all students and their parents who are not yet face-to-face to ask about their plans. It is important to note that the Grade 11 transcripts will be part of university applications so we need to carry out reliable assessments; we plan a cycle of Externals to begin on 4 May with 2 subjects each week over the following 3 weeks. Details will be shared with students.

We need to keep close track on attendance both face-to-face and online. If your son or daughter cannot attend for any reason, please let us know as soon as possible. Email Ms Farah and me:

- Farah Hassan: @Farah Hassan
- Kathleen Saleh: @Secondary Principal CCC

Keep us informed – we need to know if you are out of the country and when you are planning to return.

If students need to leave school early, again please keep us informed.

Deadlines:

As the Grade 11 begin to work on IAs and other assignments that will be sent to the IB, we need to encourage them to meet their deadlines promptly. If students get behind, it can be very difficult for them to catch up later; this can cause a lot of avoidable stress and anxiety. We need your support in this; please talk to your son or daughter about the importance of meeting deadlines. We will contact you if a major deadline has been missed. Thank you.

From Mr. Mario, our DP Coordinator :

It is encouraging to see many students attending their classes face-to-face, and we hope this number continues to increase in the coming days. Teachers have been regularly assigning formative assessments to monitor students' progress, and external assessments will begin the week of May 4.

Students were introduced to the Extended Essay earlier this week and should now be working on their proposals, due April 30. The EE is an externally assessed component that continues through to the end of Grade 12. Its timeline has been shared with students and they are expected to meet all deadlines to ensure a successful process.

Your support in encouraging your children to study consistently and meet their deadlines is highly appreciated.
