Early Years Head

Dear Nursery Parents,

Our unit under *“How we express ourselves,”* with the central idea **“Children discover new ideas and express feelings through play,”** has been a beautiful journey of exploration, creativity, and expression.

As a community, we always value taking time to honor children’s learning in meaningful ways. We believe that celebration is not bound by time or place; it lives in the moments where children feel seen, valued, and proud of their growth.

With this in mind, our teachers have thoughtfully compiled the children’s learning journey into a video for you to watch together at home. This is our way of celebrating their experiences, their ideas, and the meaningful learning that has taken place throughout the unit.

We warmly encourage you to:

- Watch it together as a family
- Acknowledge the effort and growth you see
- Create a small moment of celebration at home

Questions to Explore Together: You may ask your child:

- What were you doing?
- How did you feel when you did this?
- What did you enjoy the most?
- Who were you playing or working with?
- Can you tell me what happened here?
- What would you like to do again?
- What are you proud of?

These questions are not about right or wrong answers; they are about **listening to your child’s voice.**

Fill out the reflection sheet

Attached to this email is a reflection sheet that we would like you to work on with your child to document the celebration moment.

Even in challenging times, our children continue to grow, express, and make meaning of the world around them.

Thank you for being our partners in honoring this journey.
