

HEAD OF SCHOOL - RITA ZGHEIB

Dear Wellspring Community Members,

Our work is "love made visible." When I think of you, I reflect on the immense amount of love and labor that moves silently through our hallways and homes every day.

We often talk about the future in an ailing and unstable world. You are the *architects of hope* who are building that future with the patience of a mentor and the unwavering support of each staff member. Whether in the classroom, the office, the playground, or the home, your contributions are the vital pulse of our community.

May 1 is frequently marked by a pause in our schedules, but I hope we can also use it as a pause for our hearts. This May Day, please take a moment for well-deserved rest and a chance to celebrate the impact of your unique contributions. Spring is here and nature is in bloom, as if it, too, is celebrating you.

Wishing you a peaceful and restorative holiday. Remember, you are deeply appreciated and dearly loved.

We look forward to seeing everyone back at school on Monday, May 4th.

Warmly,

Rita

Rita Zgheib, Ed.D., NPQEL
